

Says Rent Decontrol Would Ruin Economy

Senate Group Asks Controls Be Extended

Washington, March 19—(AP)—The Senate banking committee said today that removal of rent controls now would cost rents 25 to 100 per cent generally and perhaps touch off strikes and a new wage-price spiral.

Immediate rent decontrol would deal the entire economy "a severe blow," the committee told the Senate in a formal report recommending passage of its bill to extend controls 12 to 15 months.

The bill would allow some rent increases up to 10 per cent. In general there would be none before October 1, 1949. The committee said "any increases in rents would be at the expense of diets, medical care, clothing and other necessities of life of millions of American citizens."

Might Require Price Controls

It said that outright junking of controls at this time might set off inflationary pressure that would require restoration of price controls.

The present rent law expires March 31. The committee bill Monday. The House already has passed a 15-month extension. Both bills permit "home rule" decontrol, but go about it in different ways.

No More Than 15% Hike

In no event could the cumulative increases push a tenant's rent more than 15 per cent above the June, 1947 level.

The senate bill would let the states drop rent controls whenever the legislature passed a law calling for that, approved by the governor. The states could take over the rent control program from the federal government at any time.

The House-passed bill would let states, counties or municipalities scrap rent controls any time they chose to.

Red Press, Radio Blast Treaty As Aggressive Move

London, March 19—(P)—A Soviet commentator charged tonight that "Anglo-American war-makers" will use the North Atlantic treaty to gain military bases for carrying out "their plans to dominate the world."

Another Moscow broadcaster charged: "this pact means war on the Soviet Union."

Russian commentator M. D. Melnikov declared in an English-language broadcast heard in London that the treaty has a purely military aggressive aim.

The military articles of the treaty, he said, "provide the Anglo-American war-makers with an opportunity to utilize any pretext that suits them in order to unleash aggression."

The controlled Russian press and radio declared the treaty to be a work of warmongers trying to wreck the United Nations. The general theme was that the pact is "the main weapon of the aggressive policy of the ruling circles of the United States, Britain and France."

The chorus was taken up by the Kremlin's satellites behind the Iron Curtain.

Owns Lot 1/2 Inch By 194 Feet In D. C.

Washington, March 19—(P)—A lot that isn't a whole lot was turned up today by the District of Columbia assessor in compiling a new real estate directory.

It's one-half inch wide and 194 feet deep, in the capital's northwest residential section. Assessor E. A. Dent said its owner is listed as the Miami County National Bank of Paola, Fla.

IHC Reduces Prices

Chicago, March 19—(P)—International Harvester company today announced price reductions averaging 8.3 per cent on its household refrigerators.

F.D.R., Jr., Has Trouble Running For N.Y. Office

By Joe Hall
New York, March 19—(P)—Franklin D. Roosevelt, Jr., third son of the late President, is running into heavy political weather in his maiden effort to win public office.

The 35-year-old attorney, closest to his father in manner and looks of all the four Roosevelt sons, announced this week he would try for the congressional seat left vacant by the death of Sol Bloom.

He immediately won strong expressions of support from union sources and from leaders of the Democratic and liberal parties in the city. The latter party agreed to nominate him for the post.

But many of the Tammany Hall leaders in the district, the 20th, have balked. They are the politicians who will have the say as to who gets the Democratic nomination.

The district, on the west side of Manhattan from 26th to 116th streets, is heavily Democratic. Bloom represented it 26 years.

The situation reportedly is so embarrassing to Eugene E. Rogers, Manhattan Borough president and Tammany Hall leader, that he has expressed the hope Gov. Thomas E. Dewey will not call a special election in the district. This would leave the seat vacant until the general election next November.

As Tammany Hall leader, Rogers is head of the New York county of the committee in the 20th district will decide the party nominee. Local party leaders in the district who oppose young Roosevelt stress two points. One is that he is not a resident of the district. The other is that he at first backed Gen. Dwight D. Eisenhower for the Democratic nomination for president last year although he later said he would support any party nominee.

Convict Police Chief, Assistant Of Manslaughter

Marion, Ky., March 19—(P)—The Evans police chief and his only assistant were convicted in Harlan circuit court today of voluntary manslaughter and were held in jail without bond.

The jury recommended a 10-year prison sentence for Police Chief Isaac Combs, 28-year-old law-enforcing veteran of World War II, and Policeman Lewis Deaton, 32.

They were accused of killing Bryan Middleton, restaurant owner, in a wild-shooting street brawl Dec. 17.

The jury's verdict left Evans southeastern Kentucky coal mining town, without a police chief for the sixth time since early August.

One of the chiefs was shot and killed. Another reported he was shot at from ambush. A third was discharged for being intoxicated and the fourth said he resigned because of threats he received.

Combs, the fifth one, said when he took office he proposed to stay and "clean up" Evans if authorities wanted that done.

Boy, 13, Seriously Injured By Bear At St. Louis Zoo

St. Louis, March 19—(P)—A polar bear dragged 13-year-old Donald Carey into the bear's pit today, clawing and biting the boy seriously.

The boy had climbed a fence at the St. Louis zoo and was sitting on the edge of a moat surrounding the pit.

The bear, Snowball, weighing 1,000 to 1,200 pounds, grabbed Donald's leg. Four other children who were with young Carey ran for help.

Guards rushed to the pit with rifles and called to Donald to stop struggling. When he did the bear and his mate, Frisky, began to lick the boy.

The keepers brought automobiles to the pit and began honking horns and shouting. The noise frightened the bears back into their den and young Carey was rescued.

He was reported in serious condition at City hospital with cuts and bruises on his thighs, chest, body and arms.

Climates told police Donald had climbed the fence to "show off" despite warning signs.

Risk Of Bearing Children Reaches New Low In U. S.

Washington, March 19—(P)—The risk of childbearing reached a new low in the United States in 1947, the public health service said today.

But the risk for the non-white races of this nation, it added, was three times that for white women.

"The maternal mortality" rate, declining steadily since 1933, was 1.2 per 1,000 live births in 1947, compared with 1.6 in 1946 and 6.2 in 1933.

The 1947 rate for white women was 1.1 per 1,000 live births, that for non-white women, 3.3. In 1933 the comparative rates were 5.6 and 9.7.

Vishinsky, Gromyko Will Lead Fight Against Pact

Lake Success, March 19—(P)—Soviet Foreign Minister Andrei Y. Vishinsky and his No. 1 helper, Andrei A. Gromyko, are expected here to lead a Soviet fight on the North Atlantic treaty in the United Nations assembly next month.

The Soviet Union has not yet informed the U. N. who will make up the delegation. It never does until the delegation is on its way.

But a high U. N. official said today it would be a fair guess that Vishinsky would be from Moscow for the session opening at Flushing Meadows April 5.

Vishinsky was the top Russian at the assembly in Paris last fall. Since then he has been made foreign minister, succeeding V. M. Molotov.

Either Soviet opposition to the North Atlantic treaty was taken by some U. N. delegates to mean the Russians will lose no chance to assail it in the assembly. Vishinsky is their most experienced debater.

The opportunity may come when the assembly takes up the fate of former Italian colonies in North Africa. This would open the way for Soviet delegates to go over the whole Atlantic policy in the Mediterranean and then to bring in the North Atlantic pact.

U. N. delegates expect Vishinsky will be assisted by Gromyko, who has been away from U. N. halls since last July.

The western powers will be represented by high officials also. The U. N. has received word that French Foreign Minister Robert Schuman will attend.

Foreign Secretary Ernest Bevin of Britain will be in the United States at the time and may look in on the assembly. But the job of acting top delegate will go again to Hector McNeill, minister of state.

The foreign ministers of Belgium, Luxembourg and The Netherlands also are expected.

Vassar President Resigns As 'World Peace' Meet Sponsor

By Charles E. Mercer
New York, March 19—(P)—A "world peace" conference that opens next week—with the state department calling it a medium for communist propaganda—today lost a sponsor and possibly gained a speaker.

The resigning sponsor is Sarah Gibson Blanding, president of Vassar College.

The possible new speaker is Sidney Hook, philosophy professor at New York University.

The Vassar president said she was withdrawing because she felt there would not be a "fair balance of opinion" at the conference.

She added that she did so reluctantly because "I am aware that even so doing I will give comfort, or even aid, to that small but increasing group of Americans who appear to be willing to abandon our tradition of democracy, freedom of ideas, their expression and their interchange."

Hook said today he had been denied a place on the conference program. When told of Hook's statement Dr. Harlow Shapely, the conference head, said the NYU professor had been invited to speak at a panel meeting. Hook replied:

"Let him tell me when and where to appear and read my paper. If he puts me on the program and gives me a time and place, I shall speak."

Hook accused Shapely of "evading" and said so far he had only been invited to speak from the floor. "Anybody can do that," he said. "There is no guarantee that I would be recognized."

Although the state department has warned that the meeting will be used to spread pro-Soviet propaganda, its leaders say it will be conducted in "the democratic tradition."

The conference chairman said it "is opposed by those who profit from war and war preparations."

Former Boxer Sued For \$50,000 Under Dram Shop Act

Chicago, March 19—(P)—Max Marek, 35, a former boxer, was sued by an Iowa woman today for \$50,000 under the Dram Shop Act.

The suit was filed in superior court by Mrs. Lois Ronk of Council Bluffs, Ia. She contended her husband, Fay, a truck driver, fell from a second floor hotel window after drinking at Marek's Chicago tavern.

Ronk suffered a broken arm and leg as a result of the fall on Feb. 24. He was employed by the Omaha Trucking Co., Omaha, Neb.

Named as defendants in addition to Marek were his brother, Victor, and his mother and father, Frank and Josephine, as operators of the tavern, and Kerfoot and company, owners of the building.

Marek has said that he defeated Joe Louis in an amateur light heavyweight fight in Boston in 1932.

Truman Returns To Capital After 13-Day Vacation

Washington, March 19—(P)—President Truman returned today from his 13-day Florida vacation a little heavier but feeling "fine."

He told reporters at the airport that he would send the North Atlantic security treaty to the senate for ratification "as soon as it is ready."

This was taken to mean the senate would get the pact soon after it is signed here April 4. The President had already approved the text made public yesterday as well as the explanation of it last night by Secretary of State Acheson.

Asked whether a trip to Israel by Eddie Jacobson, his former partner in the haberdashery business in Kansas City, had any official connection, Mr. Truman said it had not; that Jacobson was on his own.

The President did not go. He drove directly to his Blair house residence to get ready to attend the White House news photographers association annual dinner tonight.

Jury Acquits Mrs. Ferreri Of Death Of Playboy Hubby

Los Angeles, March 19—(P)—Mrs. Betty Ferreri, pretty young carhop and Charles Ferreri, a roomer, were acquitted today of charges of murdering her playboy husband.

The trial of the 26-year-old waitress and Faust, 35, who lived at the Ferreri home, lasted six weeks. A jury of five women and seven men returned its verdict after 26 hours deliberation. Five ballots were cast.

The prosecution charged Mrs. Ferreri and Faust plotted the death of Jerome Ferreri, 32. It contended they made a handyman at the residence, Alvin Adron, the "fall guy" by inducing him to fire at the husband.

Adron has pleaded guilty but claimed insanity and will be sentenced later. Mrs. Ferreri, the state charged, struck her husband 25 times with a meat cleaver.

Atlantic Powers Will Set Up Strategic Plan

Washington, March 19—(P)—Administration lieutenants will urge President Truman not to pitch a fight in the senate over the pigeon-holed appointment of Mon C. Wallgren, one of them said today.

Mr. Truman is expected to talk over with leaders early next week the effects of the action of a 7 to 6 majority of the senate armed services committee in tabling Wallgren's appointment to head the National Security Resources Board.

The President is expected to be advised that unless one or more of the six Republicans and one Democrat who voted against the nomination changes his mind the signs don't look good for senate approval.

Mr. Truman was represented as not likely to give up hopes for his former senate colleague and fishing trip crony as long as there is a chance that the nomination can be revived in the committee.

Wallgren's friends say they think that some members might change their vote and let the appointment go to the senate with an adverse report of the committee.

If that should happen, administration leaders say they think they could get enough support among Democrats to give Wallgren the job.

But they are opposed to any attempt at this time to discharge the armed services committee's consideration of the nomination. This is the only recourse to force action on a tabled appointment.

It would involve a floor fight likely to line several other southern Democrats up behind Senator Byrd (D-Va.), who voted with the Republicans to put the nomination in the committee's cold storage.

After their recent filibuster unpleasantness with the southerners, the Truman leaders would rather let things cool off.

As the situation stands, Mr. Truman probably will have to keep John Steelman, one of his assistants, in as acting chairman of the board until Wallgren's nomination either is withdrawn or rejected finally.

Cold War Is Main Issue In French Grass Root Voting

Paris, March 19—(P)—The east-west cold war is a major issue in grass roots voting in France tomorrow to fill 1,508 political parties.

Candidates of six main parties are competing for unpaid local jobs as general councilors.

Five of the parties are on the side of the United States. The Communists alone are stringing along with Russia.

Actually, the voting plays no decisive role in the east-west conflict, or in the present French political situation. But it may show whether the North Atlantic treaty, the Marshall plan, the Berlin Airlift, the Brussels pact and steps toward European union have encouraged the French people to take a stronger anti-communist stand.

The Communists lump their opponents into what they recall "The American Party." They accuse it of "organizing an aggressive war against the Soviet Union."

The non-Communists say the Communists are a "Fifth Column" working for Russia.

Drunk U. S. Sailors Cause Trouble In Central America

Ciudad Trujillo, Dominican Republic, March 19—(P)—The captain of a U. S. Navy ship apologized to Dominican police today for mob violence stirred up by three tipsy American sailors.

The actions of the men ashore so infuriated a crowd of civilians last night that they fought police and the U. S. Shore Patrol in an attempt to seize the seamen. One of the sailors was accused of trying to molest a Dominican girl.

As police held back the mob, the Shore Patrol placed the sailors under arrest. The crowd then proceeded to the harbor where the visiting U. S. Naval vessels Burdo, Burke and Mt. Olympus are anchored.

The captain of the Burdo sent two officers today to the office of Col. Luis Arzenc Colon, Ciudad Trujillo police chief, to present his apologies. Col. Colon previously had visited the Mt. Olympus, flagship of the visiting squadron, to urge that all U. S. sailors be kept off the streets to prevent further disorders.

All three U. S. vessels still were in port tonight.

Eastern Germany Okays Constitution Written By Reds

Berlin, March 19—(P)—Eastern Germany neared the status of a separate nation in the Soviet orbit today.

The communist-led People's Council approved unanimously a constitution for the 20,000,000 Germans in the Soviet zone and in the Soviet sector of Berlin who are cut off from their western brothers by the iron curtain.

The constitution still must go through the formality of approval by the 2,000-man People's Congress, which ratifies decrees of the council. The date for the congress meeting was not fixed.

The council's ratification of the constitution, which would set up a rival to the western German federation being formulated at Bonn for the United States, British and French occupation zones, came 24 hours after announcement of the terms of the North Atlantic treaty.

Communists assailed the treaty as "aiming at a new war."

The western powers prepared to make the west mark the only legal currency in blockaded western Berlin.

STATE ISSUES 101,048 INSURANCE LICENSES

Springfield, Ill., March 19—(P)—The state insurance department issued 101,048 insurance licenses in the year ended March 1.

The department reported today this was 3,000 more than the number issued in the preceding year. Seventy-five percent of the licenses went to agents and the remainder to brokers, solicitors and company representatives.

Aides Ask Truman Not To Fight For Wallgren

Washington, March 19—(P)—Administration lieutenants will urge President Truman not to pitch a fight in the senate over the pigeon-holed appointment of Mon C. Wallgren, one of them said today.

Mr. Truman is expected to talk over with leaders early next week the effects of the action of a 7 to 6 majority of the senate armed services committee in tabling Wallgren's appointment to head the National Security Resources Board.

Pact Nations Far Surpass Soviets In All Industries

Washington, March 19—(P)—The Atlantic pact nations today possess industrial machines and resources which far surpass those which the Soviet Union could put to use in the event of an arms showdown.

Even though production figures from the other side of the iron curtain are scanty, there are enough to provide comparisons which are startling in their disparity.

They show the western powers top the Soviet-dominated states four to one in 1950-steeled production goals, over three to one in pig iron, two to one in coal, and the lead was 10 to one in petroleum three years ago—the most recent comparison available for oil.

As for trained workers to man the intricate machines needed to supply guns, tanks, planes and other armaments—the west far outnumbers the east in that respect.

The figures were compiled from U. S. government records, Russian publications, official figures and standard references.

Since the United States and Russia are the key nations in their industrial groupings of nations, the industrial records best illustrate the big gap in the industrial score.

Would Give Each Nation Certain Job

Washington, March 19—(AP)—The Atlantic alliance powers intend to set up a "common strategic plan" for defense against Russia.

This would be a major task of a defense committee which is to be formed by the high policy Atlantic council provided in the security treaty.

A state department booklet issued tonight explaining the proposed pact said:

U. S. Would Be Involved

"The last two great wars have proved that a major conflict in Europe would inevitably involve the United States."

"The North Atlantic pact is designed to give assurance that in the case of such a war there will be a coordinated defense in which the actual military strength and the military potential of all the members will be integrated into a common strategic plan."

The booklet itself did not say against whom these defenses would be organized. Officials consider Russia the only power outside the alliance capable of waging a "major conflict."

The strategic plan, it is understood, is supposed to provide for building up the forces of the west to a point at which they would be reasonably able to turn back aggression. **Decide Beforehand**

Also, it would decide beforehand the places, times and manner in which those forces would be brought into play.

It would be a great military defense scheme stretching from the tip of Italy across the heart of Europe to the tip of Norway.

The booklet put another new point on the record: Germany and Spain can't get into the alliance any time soon. Most members don't want Spain now it said.

It came forth on the heels of the text of the treaty itself which soon will go to the senate for ratification.

Meanwhile, it was warned that meetings are planned here around April 1 for the foreign ministers of the eight to 12 countries which will sign the treaty April 4. The presiding talks would concern specific plans for putting the alliance into force as quickly and effectively as possible.

Eight countries are sure to sign the pact. Four others are expected to accept invitations.

Foreign ministers who will come here around April 1 include Bevin of Britain and Schuman of France.

Ask Grand Jury To Investigate Abortion Death

Chicago, March 19—(P)—A grand jury will be asked Monday to open investigation of the abortion death of Mrs. Roberta Danks, 28-year-old Chicago war widow.

Nathan Kinnally, assistant state attorney, said he would start presenting the case to the panel at the earliest possible moment in order to get the grand jury's subpoena power for help in pushing the inquiry.

Arraignment of Mrs. Olive M. Jones, 40, in felony court on a charge of murder by abortion has been scheduled for Monday. A spurt of developments, which include linking of a respected surgeon with the abortion, apparently halted today.

Kinnally pointed out that many questions remain unanswered in the case.

The doctors named by Mrs. Jones as the abortion surgeon was Edward H. Rosenzweig, owner of the Douglas Park hospital and medical center, who died Thursday night.

Kinnally said Mrs. Jones revealed Dr. Rosenzweig's name to authorities only a few hours before he dropped dead in his hospital.

1 Killed, 1 Hurt As Planes Collide

Woodstock, Ill., March 19—(P)—A naval reserve pilot was killed today and another was injured when their fighter planes collided and crashed.

Dead was Ensign Frank A. Morgan of (2735 N. Sayre Ave.) Chicago. The other pilot, Charles Beall of Evanston, Ill., parachuted to safety. He suffered a deep scalp wound. He was recovering at the Glenview Naval Air Station dispensary after 17 stitches had been taken to close the wound.

Atomic Pile Burns Ribbon, Opens Oak Ridge To Public

Oak Ridge, Tenn., March 19—(P)—A puff of white fire set off by an atomic pile 15 miles away burned a ribbon at the entrance to Oak Ridge today and opened this atomic city.

Then following this symbolic ceremony the gates, which heretofore have been closed to all except those with passes, were removed at 7:48 a.m. central standard time.

It took a millionth of a second for the impulse to travel today over a telephone wire from the atomic pile, and then go off with a sound like an air rifle.

A chemically-treated ribbon at the main one of four gates to Oak Ridge was burned by the first atomic-generated electricity ever transmitted by wire. The power came from the atomic center's uranium chain-reacting pile.

THE 13 YEAR OLD REPORTER
Bill Clark's appearance as guest speaker before the Business and Professional Woman's club Thursday night served to stir memories of his first association with the Journal Courier.
It was vacation season some years ago. Dr. S. N. Clark told us his son Bill didn't have anything special to occupy his time. "Just let him hang around, as he is much interested in newspaper work," Dr. Clark said.
The prospects did not appear too rosy, as young Mr. Clark was only 13 years old at that time. Somehow or other, he had managed to pick up the knack of operating a typewriter. He hadn't written any news stories in particular, but had a pretty fair record in the English classes at the David Prince Junior High school, from which he was graduated.
On the first morning of his introduction to journalistic atmosphere, the switchboard operator announced that the White Hall correspondent was on the line with facts about burglary. The more experienced reporters were absent from the news room just at that moment. Young Mr. Clark was the only prospect in the way of reportorial talent. We knew he had never written a burglary—or much of anything else. We felt a pang of guilt as we gave the youngster the nod.
The 13 year old reporter picked up the receiver, listening intently to the voice on the line. His face was a study in seriousness. He began taking notes with a pencil. After completing the call he planted himself resolutely in front of a typewriter. This was no time for play. The cub reporter cut into his story. He put a White Hall dateline on the story, as is the custom when news is phoned from other towns, and pounded out the account of how the burglars smashed a window, jimmied the safe, and escaped with a considerable amount of cash.
The young reporter turned in his story on the desk. We could hardly believe what we saw. Here was a story, well written, neatly typed, the work of a small boy who was spending his first day in a newspaper office. We knew that he lacked experience, so the only conclusion we could draw was that he was talented.
"If the kid can handle stories like that at 13, what can he do when he's grown?" we asked some of the older staff members.
Time has answered that question. Bill Clark, now more than 13, but still a young man of unusual promise, is a financial writer for the Chicago Tribune.

Beta Tri-Hi-Y Club Observes 2nd Anniversary
Beta Tri-Hi-Y marked its second anniversary with a meeting held Wednesday at the Y.M.C.A. Youth Center. The guest speaker was the Rev. Lewis N. Raymond. His topic was "The Age of Crisis."
Prayer was offered by Margaret Norvell. Nina Douglas, club president, reviewed the origin of the club, and a reading, "What Have You Done Today" was given by Alberta Yates.
Mrs. Margaret Norvell, mother of one of the members, is the club adviser. Meetings are held every two weeks.

YOUNG ADULT CLASS ACTIVE AT WINCHESTER CHURCH

Winchester—The Young Adult Fellowship is shown around the table at the Winchester Methodist church, where it is an active organization in religious and social programs. Nearly 20 couples are included in the Fellowship of the Winchester church, where they meet each Sunday morning with L. H. Krell as teacher. They gather at the church or in the homes of the members once each month for a potluck supper and program.
Seated clockwise around the table, beginning at the far side of table on left, are: Mr. and Mrs. Lennis Williams, Mr. and Mrs. Robert Coultas, Mrs. Richard Cowhick, Mr. and Mrs. R. J. Coultas, Raymond Herring, Mr. and Mrs. L. H. Hall, Mrs. R. E. Jasper, Robert Reid, Mrs. Warren Wallace and Mr. and Mrs. Albert Herring.
Rev. Ralph E. Jasper, pastor, reports that the group has many accomplishments to its credit in the interest of the church, and is planning still greater activities. Mrs. Richard Coultas is president. A shuffleboard tournament was held, with Mr. and Mrs. Robert Coultas going through the evening undefeated. The Fellowship assumed the lead in furnishing the church altar. Two large communion cups and a silver cross, provided by the Fellowship, have places on the altar in addition to silver candlesticks donated by Mrs. Mary C. Smith. The newly furnished altar contributes much to the beauty of the sanctuary.

Beauty Expert Tells What's Wrong With U.S. Women
New York—(AP)—American women would be more charming if they quit acting like men in some ways—and more like men in other ways.
This gratifying discovery isn't my own—although, naturally, I've suspected it for some time. It comes from a beauty expert—Helen Fraser, director of the Barbizon school of fashion modeling.
Each week Miss Fraser casts a critical eye on the charms of some 200 hopeful would-be fashion models, of whom perhaps 20 to 25 make the grade.
This pleasant task has led to the conclusion that too many girls today have developed manly mannerisms, which is awful, instead of a manly inner character, which would be fine, indeed.
"Too much athletics," said Miss Fraser, "has overdeveloped the leg muscles of girls, and they walk like boys. They—how shall I say it?—they positively swagger."
"They throw their hands about in gestures like boys. And they even move their lips like boys when they talk. Something like this."
Miss Fraser, a delicate brunette, then gave a restrained imitation of Jimmy Durante.
Another of her pet peeves is the way many girls let cigarettes dangle from their mouths while pawing through their handbags for a lighter.
"I'm afraid we have you men to blame for the fact girls smoke in a masculine way," she said. There was a pause while Miss Fraser put a cigarette between her pretty lips and held it there in a graceful feminine manner until a man in the room rushed over and held up a match.
Should Adopt Male Virtues
"I hate to say this about men," she went on "because I love men."
"I wish women would pick up more of men's virtues—such as tolerance, their lack of pettiness and their friendly attitude. I don't think men are as much on the defensive as women. Women lack self-assurance."
Going into more detail into the beauty faults of the younger generation, Miss Fraser said that habit of carrying shoulder bags and wearing loafers and ballet slippers was giving many girls thick ankles and a lop-sided figure.
"It is seldom that you run into girls with good posture," she said glumly. "Too many swaybacks. And politeness?—there isn't too much of that. The more I see the young girls the more reactionary and Victorian I get."
Hemizes Common Beauty Errors
"The job is to feminize them again—make them young ladies instead of hoydens."
Then she itemized some common beauty errors by occupational groups:
Stenographers—"you have often a serious problem of hip spread here."
Housewives—"That gone-to-seed look."
Waitresses—"They develop tremendous muscles in the arms and legs. And often they eat too much."
Salesgirls—"They do very well, because they are generally fashion and makeup conscious."
Manicurists—"Too much makeup."
Factory worker—"Muscles and hip spread."
Resemble a Salt Shaker
Her researches have led her to conclude that the American female figure is becoming taller and wider at the beam.
"We are getting calls now for fashion models with 38-inch hips," she said. "The limit used to be 36 inches."
But she said that the most common figure defect in women is that "they are too small in the bosom compared to the width of the hips—too much like a salt shaker or a pyramid."
Miss Fraser's own measurements, reading from top to down, are 34, 23 and 34. The middle figure is for her waist.
"I'm too small," she said. But her voice wasn't at all unhappy.
TAKE H. E. (TOM) GOLIER TO VETERANS' HOSPITAL
H. E. (Tom) Gollier, 1056 North Fayette street, was taken Friday by the Cooney ambulance to the veterans' hospital at Jefferson Barracks Mo., for treatment. Mr. Gollier has been a patient for the past six weeks at Our Saviour's hospital.
He was accompanied to the veterans' hospital by his wife and father, Harry Gollier.

Ray Schrempp Is New Partner In Hopper's Store
The formation of a new partnership in one of Jacksonville's oldest retail firms was announced Saturday by the owners of Hopper's Shoe Store, at the southeast corner of the square.
Thomas V. Hopper and Fred B. Schrempp announced the addition of Ray Schrempp to the partnership, which will continue under the same name.

RAY SCHREMP
Mr. Schrempp, a former resident of St. Louis, has been connected with Hopper's for the past two years as a salesman. As a new member of the partnership, he will now assume an active part in the management of the store, the city's oldest retail shoe firm, founded in 1867.
Mr. Schrempp has had specialized training which qualifies him for his partnership in the business. He has been connected with the retail shoe business for a number of years. Mr. and Mrs. Schrempp and their two children reside at 1047 North Fayette street.
LEAVES HOSPITAL
Frank S. Tribble, who has been a patient at St. John's hospital in Springfield for the past several weeks, is now convalescing at the home of his daughter, Mrs. Leslie Clayton, 336½ West State street.

"Et Tu, Brute?"

PASSAVANT HOSPITAL WEEK PROCLAMATION
"The citizens of Jacksonville have been challenged to a sacrificial effort to insure adequate hospital facilities here. No need is greater at the present moment, and I am sure all thoughtful citizens will respond to the limit of their ability, assisting fully the fine group who are volunteering their time and talents in organization and solicitation.
"In order to emphasize the importance of a successful effort, I am proclaiming the week beginning Sunday, March 20th, as New Passavant Memorial Area Hospital Week, and call on all to lend their full support."
ERNEST L. HOAGLAND, Mayor.

Sullivan Family Donates Solarium For Hospital
J. Chester Colton, general chairman of the Passavant Memorial Area hospital campaign, announced Saturday the gift of the Solarium for the new hospital from the W. E. Sullivan family, life-long residents of this area.
"The Solarium," Mr. Colton stated in acknowledging this magnificent gift, "is divided into two spaces, one opening through French windows to verandas on the south and east; the other enclosed but with a large window area, to be heated and useable during the cold months."
"The addition of the Solarium adds needed height and succeeds in providing architectural distinction to what would otherwise be a commonplace, badly proportioned facade of a decidedly institutional character, thus adding an attractiveness to the square."

Youth Rally Held At Ashland Church; Program Presented
Ashland—A youth rally was held at the Christian church here, with 63 young people from Ashland, Berea, Chandlerville, Luterberry and Lincoln in attendance.
The program for the evening included prelude by Mrs. Leta Ham-mack; group singing, with Miss Dorothy Johnston of Chandlerville as leader; prayer by the Rev. Charles Webb of Lincoln; duet, "The Heavenly Light," by Francis Hamilton and Dorothy Johnston, with Miss Ruth Leeper as accompanist; address, "Why I Believe in Jesus Christ," Rev. John Webb of Tampico.
A recreational period took place before the program. Refreshments were served.
The monthly church fellowship supper of the Christian church was held Wednesday evening in the basement of the church.
Mrs. L. D. Lewis entertained the members of the Loyal Berea class of the Christian church at her home here Thursday afternoon.

Miss Elizabeth Bergschneider Called By Death
Miss Elizabeth Bergschneider, life-long resident of the Alexander community, died Saturday at 1:45 a. m. at her residence, four miles south-east of Alexander. Death followed a lingering illness.
Miss Bergschneider was born near Alexander on Feb. 26, 1883, the daughter of Anton and Wilhelmina Ludwig Bergschneider.
She is survived by five brothers, John F., J. R., and Henry, all of Alexander, and Anton and Frank of Springfield, and four sisters, Mrs. Mary Bender, Mrs. Josephine Walsh, Mrs. Gertrude Harness and Miss Margaret Bergschneider, all of Alexander.
The decedent was a member of the Church of the Visitation at Alexander, the Altar and Rosary society and the National Council of Catholic Women.
Funeral services will be held Tuesday at 9 a. m. at the Church of Visitation. Burial will be made in Sacred Heart cemetery at Franklin.
The body is at the Revery Funeral Home and will remain there until 2 p. m. Sunday, at which time it will be returned to the residence. The rosary will be recited at the residence at 8 p. m. Monday.

Dad's Day Will Be Followed By Spring Vacation
Plans for MacMurray College Dad's day on March 23, annual event which heralds spring vacation, are complete, with entertainments scheduled by several departments, a dinner and a banquet. Dads will begin registering Thursday, March 24, and will be guests at dinner parties.
At 8 o'clock Thursday evening the college radio station WMMC will be host to the visitors at a broadcast in which dads will be participants. This will be followed at 8:30 by a play, "The Tarnished Witherspoon," given by members of Dr. Ray Holcombe's acting class, and at 9:45 by a water pagant put on by the Macquatics club.
Friday morning features will be repeat performances of the play and a concert by the College band and Madrigal club. The climax will be a banquet at noon, with President McClelland as speaker.
At the end of this affair, spring vacation begins, the recess lasting until April 5.

UNIVERSITY OF ILLINOIS TESTS HYBRID CORN FOR YIELD

An all time record was set in Illinois in 1948 both for total yield of corn and yield per acre. The total yield of 550 million bushels exceeded the 1946 record high by 44 million bushels. The average yield per acre was 61 bushels. Illinois now shares the national record that Iowa set in 1946.

Two hundred eighty nine different hybrids submitted by fifty-seven different hybrid companies and individuals were tested in 1948 for yield by the University of Illinois in tests located throughout the state this past year.

The corn for the tests was taken by a representative of the University from the warehouse of the producers for entry in the test.

All the tests were planted by hand on land prepared in the regular way for corn. Corn was harvested in the fall and each variety weighed separately to determine yield.

Hybrids that were top ranking hybrids in the three previous years were not included in the test but listed at the bottom of the test as proven hybrids. Similar tests have been conducted for the past several years.

Pioneer Tops

The Pioneer Hi-Breed Corn Company of Illinois had more listings of proven hybrids than the next three hybrid companies combined.

The University of Illinois bulletin No. 531 points out that at least three years tests results are necessary to give a reasonably reliable picture of a hybrid's ability to perform under varying conditions.

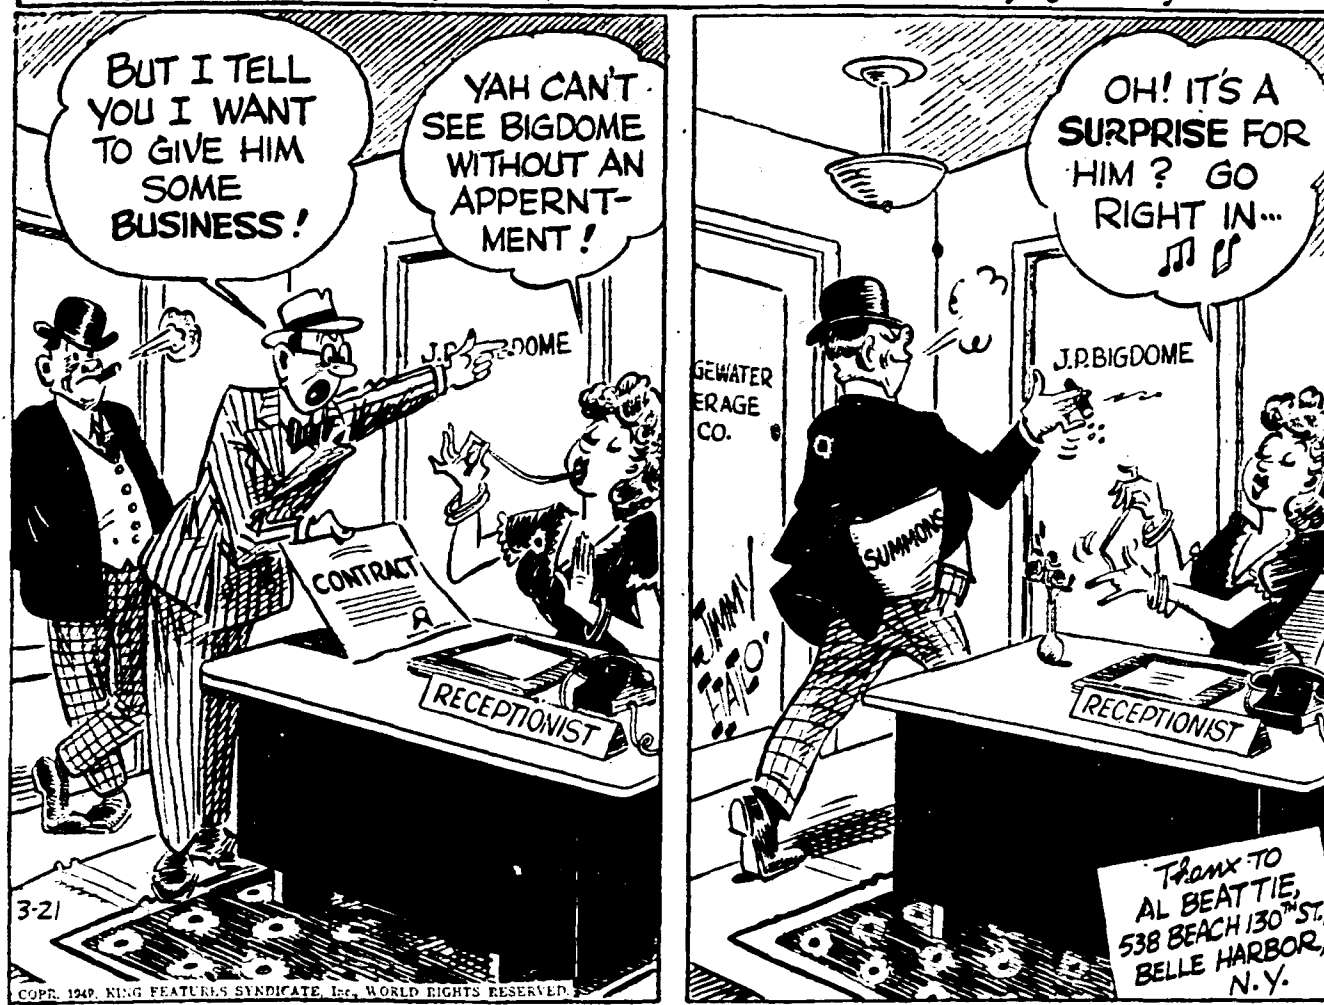

Analyzing the official Illinois yield tests from 1937 to 1948, the results show that the Pioneer Hybrids had forty-nine first places in high total yield in tests where entered in two, three, four and five year average. While all the rest of the competitors combined had only fifty-three places in high total yield. This is the most conclusive proof of Pioneer's average high yielding ability in comparison with other hybrids grown in the same fields under similar conditions over a period of years in the tests conducted by the University of Illinois Agricultural Experiment Station.

Tiny Easter Tintypes

Family album fashions take a bow in Easter finery for small fry. Reminiscent of an Edwardian dandy's coat is the velvet-collared, pin-checked worsted topcoat with matching trousers modeled by the young cyclist (far left). His companion's sporty plaid washable flannel suit combines tail trousers with a short bolero jacket. The little girl promenades in a Victorian-styled, high-waisted coat of pink wool covert with matching poke bonnet.

Virginia Nickel And Rock Island Young Man Wed

Concord—Miss Virginia Nickel, daughter of Mr. and Mrs. Clyde Nickel, 1432 Forty-first street, Rock Island, became the bride of George Kean, son of Mr. and Mrs. William Kean, also of that city, in an afternoon ceremony, in Central Methodist church at Rock Island on March 8th.

The Reverend Oscar Chindberg officiated before an altar decorated with ferns and baskets of snapdragons. Clyde Mason of Jacksonville uncle of the bride, sang, accompanied by Miss Sue McCabe.

For the double-ring ceremony the bride wore a white satin gown with an off-the-shoulder effect. The yoke was of sheer illusion edged in Chantilly lace, which also edged the sleeves. Her finger tip veil was of illusion. The bride's flowers were white gladioli and roses and she was escorted to the altar by her father.

Attended By Sister
Miss Doris Nickel attended her sister as maid of honor. Her gown was orchid, in colonial style, with matching mitts. Miss Nancy Monson bridesmaid, wore a similar styled gown of pale green and her flowers were pink cornations.

Mr. Kean chose Cliff Cox to serve as best man. The ushers were Robert Carlson, William and Donald Humes.

White gladioli decorated the home of the bride's parents for the reception. Assistants were the Misses Alyne Jones, Beverly Monson and Eleanor Nissen, Mesdames Noah McGinnis, and Harold Brainer.

Leaving on a wedding trip to Chicago, the bride wore a royal blue suit with gray accessories.

Mr. and Mrs. Kean were graduated from Rock Island high school. The former is employed at the First National bank, Rock Island. She is a member of the Order of Rainbow for Girls. Mr. Kean attended Augustana college and served in the army 18 months. He is employed at the Iowa-Illinois Gas & Electric Co., Rock Island.

Mrs. Kean and her parents and

sister are former residents of Concord. Concord residents in attendance at the wedding were, Mr. and Mrs. Floyd Goodpasture and Joan, Mr.

and Mrs. Robert Nickel, Mrs. Benjamin Grote, Mr. and Mrs. Paul Hess, Mr. and Mrs. R. E. Nickel, Barbara Kay and Constance.

Union Contracts With Fringe on Top Include Brewery Beer and Skittles

By S. BURTON HEATH
NEA Staff Correspondent
New York—(NEA)—It was an occasion for merry jesting when the mine workers by contract, won John L. Lewis' birthday as a paid holiday. But another union, the AFL Warehouse Employees, have gone Lewis at least one better.

In their contract book, every employee of the Keystone Brass and Rubber company at Philadelphia is a king. It is provided that every worker's birthday shall be a personal holiday for him, and if the company makes him work that day, he gets double pay.

This is only one of the unusual clauses that are creeping into union contracts, now that across-the-board raises have become harder to win and unions are pressing more belligerently for "fringe benefits."

Holidays are a favorite point of attack. It has become customary for workers to get six paid holidays—with premium rates if they work. But in contract after contract, now, seven paid holidays are provided. And the gas workers in Everett, Mass., went over the top with 11 paid holidays.

There being a limited number of national holidays to claim, the negotiators are showing both ingenuity and patriotism in finding other occasions.

Some illustrations gathered by the staff of the Employee Relations Bulletin, a publication of the National Foremen's Institute, include "Milwaukee Day" during the Wisconsin State Fair week; Bunker Hill Day in Boston; Admission Day in Nevada; May Day for leftist unions in many places. Good Friday appears in many contracts, and Rosh Hashana and Yom Kippur in agreements covering unions with many Jewish members.

But holidays are only one of the more common new fringe benefits shown by the Employee Relations Bulletin's specific reports on contract provisions.

There are, for example, the chemical workers in New Jersey who now get 30 paid minutes a day to wash up, plus one paid day off for each quarter's perfect attendance.

The provision is getting common now that if a holiday falls in vacation, the worker will get an extra day off with pay anyway. And for working on a holiday, recent contracts boost the overtime rate to two and a half times ordinary pay for some Virginia chemical workers, triple pay for paper workers in Chicago, New York and Elizabeth, N. J., and wallpaper workers in South Langborne, Pa.

One paint company has agreed to give its workers paid time off to

attend funerals. A Laurel, Miss. furniture company has contracted to give any employee a 120-day leave to campaign for political office, taking him back with full seniority if he loses and holding his job and seniority open for four years if he wins.

The Delaware Power & Light Co. has agreed not to make insiders work outside in rain or bad weather except in an emergency, and the Hillman Barge & Construction Co. of Brownsville, Pa., has contracted to provide raincoats and boots for employees asked to work in the rain.

The Schwartz Laboratories of New York have agreed to pay up to \$50 a semester toward tuition and registration of employees taking courses relating to their work.

It is in the field of social security, however, that the heaviest and most successful "fringe" drive is being made. Contract after contract contains new or liberalized provisions covering insurance, sick benefits, and the like.

Spencer Kellogg & Sons, in Edge-

water, N. J., boosted hospital benefits from \$5 to \$7 a day for 31 days, for the entire family of the worker, and raised sick benefits from \$20 a week to \$25. It now will pay incidental hospital expenses up to \$75 instead of \$25, and maternity benefits of \$90 instead of \$60.

The Oxford Paper Co. of Rumford, Me., added \$10 a month to pension payments to workers already retired.

Twelve hundred furniture companies have agreed to pay the cost of group insurance for union members' wives and children, as well as the workers themselves.

Weirton Steel has contracted to pay workers, retiring after 15 years, with the company, the difference between their Social Security income and \$100 a month. Philip Murray now is going to demand that U. S. Steel bring this up to \$150 a month.

And the Ruppert Brewery's contract with its CIO employees gives them a 15-minute period for "rest and beer refreshments."

Carrollton Supt. Of Schools Named I.E.A. Delegate

Carrollton—Olin W. Stead, superintendent of the high and grade school, was chosen as one of five delegates to represent the Southwestern Division of the Illinois Education association at the summer meeting of the National Education association to be held in Boston, July 4 to 9.

The choice was made at a meeting of the executive board of the Southwestern Division of the Illinois Education association held in the Broadview hotel in East St. Louis on Saturday, March 12.

Other delegates to the meeting are Arthur Edmonson of Mt. Vernon; Miss Elsa Schutze, East St. Louis; Mrs. Marie Miller, Carlyle and Miss Dorothy Colonius of Alton. Miss Louella Niehaus of East St. Louis was chosen as a state delegate and Ray Fosse of Greenfield was selected as an alternate.

Greene Co. Home Bureau Has Fully Equipped Kitchen

Carrollton—A Home Bureau, completely equipped to serve 75 persons, has been realized by the women of Greene county under the inspiration of the Past Board Members club of the Greene County Home Bureau.

A short time ago it was decided to ask donations for the kitchen and dining room from the women of the county in order that Home Bureau might be able to cooperate more fully with the Greene County Farm Bureau in serving dinners for the men at their business meetings. In a

two weeks period of time the kitchen was equipped with the required cutlery, pots and pans 'in addition to 11" plates, 77 forks, 75 spoons, 66 knives over 100 glasses and over 200 cups. The dishes are of all types as they were gifts from kitchens of Home Bureau women throughout the county.

The Home Bureau women have already served one banquet without having to bring dishes from their own homes and Friday evening the women of the Patterson-Hillview unit served a fish dinner in the hall for the Follow-Up meeting of the Greene County Farm Bureau membership drive which has been in progress this week.

NEW MOSCOW PLAY RAPS U. S. JUSTICE

Moscow—(AP)—A new play about the United States—"The Crime of Director Riggs"—has opened in Moscow.

The time is the last years of the war when Roosevelt was alive. Riggs, the hero of the play, lives in a small city where he teaches school. The town's "boss" is a Senator. He is pictured as "the servant of Wall Street."

The play deals with the conflict between Riggs and the Senator and ends up, according to a local critic, showing "how horrible is the machine of justice in the USA."

The Kiss of Freedom

Holding a small American flag in his hand, Robak Kazimierz, 33-year-old Polish carpenter, drops to his knees and kisses the soil of the "promised land" in New Orleans, La. He arrived with a group of 848 European displaced persons aboard the Army Transport General Sturgis.

Hamburg To Cut Window Lighting

Hamburg, Germany—(AP)—Because of the criticism of the British community here, German shopkeepers have been ordered to cut down their window lighting and neon signs.

Britons pointed to the difference between austere Britain, where electricity is severely rationed, and Hamburg where shop window lights were left on all night for display and the whole city had come out in a rash of neon signs.

A British official statement said the shops and signs used only one-half of one per cent of the total Hamburg load. The city was already exporting one-third of its electricity production and planning to export more, the statement added.

Historic Fake Cited In Limerick

Limerick, Eire — (P) — The "Stone of the Broken Treaty," which many American tourists have photographed, is a historical phoney, according to the Limerick city librarian, Richard Herbert.
For many years the stone, on a bridge in Limerick, has represented "the perfidy of England." In 1691, legend has it, the stone marked the spot where King James and his Williamite followers signed a treaty which was broken by the English "before the ink on the document was dry."
"This hulk of stone is the greatest historical fake ever perpetrated," says Herbert.
He asserts there is documentary evidence to prove that the treaty was signed in the camp of King William's army outside of Limerick, probably on a table.

OLD VIOLIN SECRETS BELIEVED FOUND

Rome — (P) — A 35-year-old ex-soldier who started making violins as a pastime while he was a prisoner of war in Africa thinks he may have rediscovered some of the lost secrets of Italy's great craftsmen of the past.
At any rate, the instruments that Franco Ponzio has been turning out in his tiny shop on Rome's Aventine Hill are increasingly in demand among professional musicians.
With age, the knowing say, they may even compare favorably with the violins the Amati, Stravari and Guarneri put together centuries ago.
Ponzio — short, stocky, swarthy, mustached and modest — himself makes no such claims, merely expressing belief that his experiments with new formulas for varnish have developed something better than modern Italian violin-makers are using.
Although he has unfilled orders, Ponzio expects to sail soon for Buenos Aires. An application he made long ago to emigrate to Argentina, where he has relatives, has just been approved. He expects to continue his trade in his new homeland.

UCT, Auxiliary Elect Officers Friday Evening

The annual election of officers to serve for one year was held Friday evening by Council 182 of the Order of the United Commercial Travelers of America.

Those elected are senior counselor, Cecil Henderson; junior counselor, Ellsworth Marshall; past senior counselor, Bert R. Bishop; conductor, Dwight Green; page, M. Brooks Byus; sentinel Orville Ing; secretary, J. Oliver Cain; and chaplain, Howard Curtis.

Dallas M. Schultz, outgoing past senior counselor, was presented with an emblem of the order as a token of appreciation from the Council.

Preceding the business meeting the members and families enjoyed entertainment by Sylvia Plouer, piano solo; Frederick Engelback, saxophone solo and flute solo by Jacques Katz. The accompanists were Sylvia Plouer and Nancy Gibson.

Following a pot-luck dinner under the chairmanship of Mrs. Louis Katz the women's auxiliary held its election. The following will serve the ensuing year: president, Mrs. Cecil Henderson; vice president, Mrs. T. O. Hardesty; secretary, Mrs. Louis Katz; treasurer, Mrs. Hazel Strawn; Sunshine Sister, Mrs. Harry Timmons.

To make a nutritious and delicious luncheon salad, quarter a small tomato for each person to be served, but do not cut the tomato quite through at the bottom. Place on a bed of shredded salad greens and fill the tomato with a generous serving of creamed cottage cheese; if chives are available they may be finely diced and used as a garnish for the cheese. Serve salad with a well-seasoned French dressing and hot rolls.

Raisins to be put into salad taste especially good if they are "plumped" first. To "plump," wash the raisins in hot water, turn them into a strainer, cover the strainer and place it over boiling water to steam for about 5 minutes. Be sure to chill the plumped raisins before adding them to the salad.

POP Goes the QUEEN

By Bob Wade and Bill Miller

XLII

TRIM smiled but his mouth was stiff and his instructions panted through it. "It's your turn, Mr. Barselou. Face the wall."

Dumbly, the big man obeyed. "Put your hands up just like the others," Trim stepped catlike across the deck and shoved the mouth of his pistol into the small of Barselou's back. "Now just hold still."

John Henry felt the perspiration beading his palms. He held his breath back and waited for the moment, the only possible moment. A muscle twitched where Barselou's shirt was tight across his huge shoulders.

John Henry lashed out with his foot at Trim's kneecap. The little man danced back, howling, and stumbled on the uneven timbers.

Over Sin's high shriek came the blanketing roar of colossal rage. With one motion, Barselou jerked a rusty chain loose from its mooring and whipped it ferociously at the cocked hat. The hat spun away crazily. Trim sank to one knee in the center of the gun deck, blood streaming from his bald head. He raised the revolver.

John Henry fought to escape the gyves. He got one hand free of the loose cuff of iron. But Barselou had leaped. With another reverberating roar, he sprang from the gun platform for the crouched figure. The pistol exploded against his chest and in the narrow bowels of the galleon it was like a cannon blast.

Barselou's huge body enveloped the little man, his knees and fists battering, pummeling, mauling. Trim howled and his revolver blasted again.

The deafening noise joined the echoes of the first explosion. They bounded against rocky walls up and down the canyon, doubling and redoubling, until the wooden ship was a trembling fury.

The Reina groaned, shuddered. Then she began to move.

"—collapsing!" Trim yelled in a piercing voice and tried to claw his way from beneath Barselou's falling bulk. John Henry threw his free arm around Sin's waist and pulled her close.

A subdued rumble was born among the dying echoes. It grew louder and louder. Then the deck tilted.

CONOVER braced his feet as the gun platform shivered. The deck tilted more and the thrashing bodies before his hypnotized gaze rolled toward the stern. Old timbers creaked agonizingly and sand poured from above. Two of the great overhead planks parted. The stubby root of a mainmast fell through.

A convulsion seized the Reina as the roar of bursting seams sounded in the narrow canyon slot. Trim scrambled from Barselou's grasp and hugged the shifting deck. A hairy hand fastened around one pirate boot and pulled him back. Trim screamed.

John Henry pushed Sin's face harder against his body.

With a climactic ripping of wood, the decks of the Queen collapsed and plunged through the ancient keel for the canyon floor. Trim's final maniacal shriek spun a thread of terror as the two struggling men dropped from sight with the downpour of wreckage. The thin noise was drowned by the crash of timbers grinding into the earth below.

The sound faded away, dividing itself among other canyons until there was nothing left.

Dust swirled in the silent air. Sin opened her eyes. Fearfully, she lifted her face from her husband's shoulder and looked around. She began to cry.

Below them yawned the emptiness of the gorge with its churning column of brown dust. They still stood on the gun platform far above the earth. The reverberations of the echoing gunshots and

the violent struggles of the two men had caused most of the hull and rotten decking of the galleon to give way. But the stout curving timbers of the Reina's sides had remained, an empty oval between the canyon walls. The curb on which the Conovers huddled had been part of the funnel through which the ruins of the bulk had poured. And the beam to which three of their four wrists were gyved had stayed up as part of the plank spider web holding the hollow shell of the ship in mid-air.

"WE'RE all right now, honey," said John Henry comfortingly. Then he found his voice and repeated it out loud. Sin kept on sobbing. "It's okay, Sin."

"I know, Johnny," she whimpered. "That's why I'm crying."

Gingerly, Conover pried at their iron cuffs. Two of the rusty gyves bent open easily. His own gyve broke apart in his hands. He tossed the pieces at the wreckage below.

The dust cloud was thinning and settling now. He could make out the dead campfire and the startled horses neighing and rearing at the new mountain of rubble that had poured from the sky. To the east, the red disk of morning sun had just topped the mountains to beam on the jagged cracks of the Badlands.

John Henry took a deep breath. As soon as Sin felt better, they'd climb down the cliff again to the horses. In the daylight, it would be easy to retrace their trail to Walking Skull—and then civilization. It was going to be another hot day.

Sin finally got her sobbing under control. They looked down into the depths of the canyon silently. Far below, nothing moved in the heap of broken timbers that had once been the Manila galleon.

"Funny," she said softly. "I feel sorrier for the Queen than I do for anybody."

Her husband put a gentle arm around her waist. To one side of the wreckage, John Henry thought he saw the crushed shape of a three-cornered hat.

"The poor old Queen," he agreed. "It took a long time for the pirates to catch her. But Sin, she put up a wonderful fight."

Campaign Workers
Redouble Efforts
For Hospital Week

The week beginning March 20 has been proclaimed by Mayor Ernest L. Hoagland as New Area Passavant Hospital Week. Campaign organization officials announced Saturday that all members of the organization are urged for an all-out effort during the coming week to move nearer the desired goal of \$400,000.

"No one can underestimate the size of the job we face," they stated. "Every person's contribution is needed on as generous a scale as possible if we are to do what we need to do."

Division leaders, Dr. Robert Hartman, Crit Haneline, John T. Taylor, Hugh Gibson, Waldo McCreery, Mrs. E. H. Garlich and Mrs. Earl Grojean joined their chairman, Harold Gibson and Mrs. Clarence L. Rice, in speaking of the importance of regular attendance at the report get-togethers.

"The lift that comes from getting together to hear various phases of the solicitation discussed is a decided factor in a successful campaign," they stated. "And further, it is our most economical way from the standpoint of time and money to get this job done." We urge all workers to be on hand for every roll call.

"The city teams organization will meet for a report Monday noon."

JHS May Festival
To Be Presented
On May 5 And 6

The annual May Festival, presented each year under the sponsorship of the Choral club of Jacksonville High school, will be given May 5 and 6 in the J.H.S. auditorium.

The traditional coronation ceremonies will take place on the evening of May 5. The queen and her court, already selected, will be revealed for the first time during the May 5 matinee performance.

The proceeds of the event will go to establish a piano fund for the purpose of purchasing a large grand piano for the school.

Ed Horton is president of this project. He has appointed Jess Bostick as fund chairman, with Florence Ritchie and George Fox as assistants.

British Dentists Revolt
Against "Income Limit"
In Free Treatment Rush

By Edwin Shanke

London, March 19.—(AP)—Britain's free dental service under its state health program is cracking and approaching breakdown say spokesmen for the British Dental Association.

One key reason, they say, is that the dentists themselves are in revolt. They are protesting a recent government order which reduced by one-half dentists' fees payable under the national health service in excess of \$1,600 monthly. Dentists agree their incomes now are higher than before the service became effective, but they object to the "arbitrary cut."

The situation has its background in the neglected condition of British teeth. Dentists' waiting rooms are estimated 50 per cent more crowded than before. The health ministry estimates four million persons will take advantage of the service annually. But there is a serious shortage of dentists. A government dental committee reported 20,000 dentists could be used without saturation—an increase of 8,000 over the present number.

"The plain truth is that we are a people with bad teeth who have never looked after them," minister of health Aneurin Bevin said recently. He admitted the bill for dental services was far higher than expected—putting an unexpected strain on financing the project. "No one can judge yet how long it is likely to take to iron out this rump of arrears or what the normal level of business will turn out to be."

Predict Bill To Go Up
The British Dental Association.

which represents two-thirds of the dentists, predicts the bill will go up and up and eventually cost \$120,000,000 annually for years to come. The estimates for the first nine months place the cost \$87,200,000.

Because of width as "the urgency of the situation," the ministry of health took steps to cut dentists' incomes.

The British Dental Association immediately blamed the ministry of health and announced it will put its case before the public and parliament.

The ministry of health said it found some dentists were working long hours giving them gross returns in some cases as high as \$32,000 to \$40,000. It estimated 20 per cent of the profession was earning more than \$19,200 gross yearly.

Dentists Making More Money
"It's true that dentists are making a lot more money," a British Dental Association spokesman said, "but they also are treating a lot more people who needed it."

The dentist may carry out at once any normal, conservative treatment for fillings, denture repairs and emergency treatment to relieve pain. However, he must obtain prior authority before removing teeth requiring replacements by false ones, the provision of dentures, extensive treatment of the gums, gold fillings, inlays, crowns, special appliances or oral surgery. A patient may contribute part of the cost of more expensive treatment at his request if it is more costly than clinically necessary.

Helen Olheim mezzo-soprano, William Hain, tenor and Arthur Kent, baritone, gave their audience a real musical treat Friday evening at the high school auditorium. The concert given by this group was the last of this year's MacMurray College series.

The program was beautifully selected for the nature of their voices. Each artist gave complete evidence of thorough musicianship and the voices were splendidly trained.

There was just enough historicism in the program to establish a friendly and genial relationship with the audience. Of the quartets included in the program the Spinning Wheel Quartet from Mart-a by von Flow seemed to come off best. The Good Night Quartet from the same opera was used as an encore at the end of the program and had all of the charm that makes this opera so popular.

The duets sung were from the operas The Barber of Seville, Lakme, La Traviata, Martha and Il Trovatore. Although it is difficult to distinguish one as being better than the other, that from Lakme by Miss Rowe and Miss Olheim; Sous le cormier, the duet from Martha sung by Miss Olheim and Mr. Kent, and the Home of Our Mountains, sung by Miss Olheim and Mr. Hain had the nostalgic pull.

Each of the artists contributed a solo and an encore to the evening of fine entertainment. Mr. Hain sang the familiar *Una voce poco fa* by Donizetti with fine restraint and musical feeling. Miss Olheim interpreted O Mio Ferando with the fine contrasting fire and suavity of tone. One felt that she had real imaginative powers and had learned a great deal from singing before the public.

Miss Rowe sang the well-known *Una voce poco fa* with musical directness and fine limpidity of tone. Mr. Kent sang the old favorite of opera lovers, *Valet's Song* from Faust. His voice has remarkable qualities and resilience. His encore, *Behind the Donkey's Tail*, was the humorous high spot of the evening. Archie Black who has been accompanist for many outstanding artists was the completely capable pianist for the group of singers.

Foreign Nurses, Doctors Study In England

London —(AP)—A three months study of social pediatrics in the United Kingdom is being made by 47 doctors and nurses from 14 European and Middle East countries. They are holders of fellowships awarded by the United Nations International Children's Emergency Fund and are making the study under arrangements made by the British Ministry of Health and the British Council.

The doctors and nurses, who remain in Britain until June 8, are from Austria, Belgium, Bulgaria, Czechoslovakia, Finland, France, Greece, Italy, Lebanon, Netherlands, Poland, Syria, Trans-Jordan and Yugoslavia.

Fire Damages Garage Building At Ashland

Ashland, Ill.—A garage owned by William O. Baumgardner, located in the Ashland business district, was badly damaged by fire Saturday morning at 10 o'clock. The blaze was extinguished by the Ashland fire department, which is located across the street from the garage.

John Bevier used the garage as a home. Firemen believe that the fire started from an overheated stove, while Bevier was absent.

The interior of the building was badly gutted. Friday the fire department was called to the residence of Mr. and Mrs. William Tinsley, located in the southwest part of the city, when a fire starting in the kitchen burned a hole in the floor and the wall.

Mrs. Tinsley had gone to the home of a neighbor for a few minutes and found the kitchen in flames when she returned.

Mrs. Tinsley was preparing to wash and many articles of clothing were destroyed, including considerable bed clothing.

The damage to the building was estimated at more than \$200, which was covered by insurance. No insurance was carried on the contents.

Indian Official Raps Reds

Jubbulpore —(P)—Government's determination to "prevent India becoming another China or Burma" was expressed here by Pandit R. S. Shukla, prime minister of the central provinces. He was addressing a mass meeting.

He made particular reference to "the nefarious, subversive and destructive activities" of the communists in India and said "the entire resources of the government would be used to remove this cancer from the body politic."

He challenged the Communists to adopt peaceful and constitutional methods "if you want to capture political power," and asked "what pleasure do you derive in indulging in nefarious, destructive and subversive tactics?"

FRANKLIN CAGERS ATTEND TOURNEY

The first five boys of the first and second basketball teams of Franklin High school were given an opportunity to see some of the games of the state tournament at Champaign. Superintendent Harry L. Fitzhugh took some of the boys on Thursday; George A. Richter, teacher of agriculture, took others on Friday, and Coach Wm. J. Treat accompanied the rest of the group on Saturday.

**New York Stock
Market**

New York, March 19—(AP)—Scanty
demand put most stocks in lower
ground in today's market.
Losses were small, though, and
volume too small to suggest a decisive
trend. A good handful of stocks
remained at Friday's close or moved
forward a trifle.

The volume of business was meager
even for the short Saturday session,
with turnover at the rate of about
300,000 shares for the two hours.
Lower prices were paid most of the
day for U. S. Steel, General Motors,
Chrysler, Sears Roebuck and Wool-
worth.

Laclede Gas, liveliest issue traded
yesterday and at a new high for the
year, leveled off.
Trying to get ahead were Bethle-
hem Steel, Montgomery Ward, Spiegel
(at a 1949 top), Columbia Gas,
Air Reduction, International Paper,
N. Y. Central, United Air Lines, and
Eastern Air Lines.

Trading in a sluggish bond market
was highlighted by transfer of
\$200,000, face value, of Pennsylvania-
Central Airlines 3 1/2 of 1960, with a
gain of 1 point at 87 1/2.

**GRAINS MAKE MODEST
GAINS IN SLUGGISH
TRADING; LARD OFF**
Chicago, March 19—(AP)—Grains
made modest gains in slow dealings
on the Board of Trade today. The
market opened fractionally higher
and held around opening levels for
the rest of the session. May contracts
had a little more strength than later
months.

Soybeans and lard were a bit
higher at the start, but lard showed
a sinking tendency as the day wore
on. The March delivery dropped be-
low \$12.00 at times. Outside interest
in all commodities was light with
dealings limited mostly to local
traders.

Receipts were: wheat 7 cars, corn
95, oats 37, soybeans 7.
Wheat closed 1/4-1/2 higher, May
\$2.16-1/2; corn was 1/4-1/2 higher,
May \$1.29-1/2; oats were 1/4-1/2 higher,
May 69-1/2; rye was 2 cents higher,
May 51-1/2; soybeans were 1/4 to 2
cents higher, March \$2.27, and lard
was 8 cents lower to 5 cents a hun-
dred pounds higher, March \$11.95.

**CHICAGO LIVESTOCK
MARKET REPORT**

Chicago, March 19—(AP)—Hogs,
cattle and sheep were quoted nomi-
nally steady today. Hogs sold within
yesterday's range of \$18.00 to \$22.00.
While price changes in hogs and
cattle were not large this week, fed
lambs soared to \$30.00, an all-time
high. Spring lambs brought a higher
price last year. An acute scarcity at
all terminals, plus a jump of \$2.00 to
\$4.00 in dressed prices, backed the
advance.

Hogs closed the week steady to 50
cents higher, offerings weighing
more than 230 pounds making the
gain. Slaughter steers and heifers
ended steady to 50 cents higher in
the cattle section.

Rehearse For Water Pageant

Synchronized swimming and diving acts representative of foreign
lands give the title "Beyond the Sea" to the annual water pageant of
the MacMurray College Macquatics club, which will be given four per-
formances next week at Hardner gymnasium.

Margaret Jenner of Crystal Lake is general chairman of the show,
and Mary Jane Norris of Jacksonville is chairman of the program com-
mittee. Miss Norris will also swim in the show. Miss Carrie Spencer is
swimming instructor.

Townpeople may attend performances on Monday, March 21, at 4:15
p. m. and Wednesday, March 23, at 8:15 p. m. Tickets may be obtained
at the physical education office. The other performances are to be given
in honor of Dad's Day, and only parents will attend.

**Five Candidates For
School Board Places**

Five candidates have filed for the
three places to be filled on the
Jacksonville Board of Education at
the regular school election Saturday,
April 9. The final day for filing peti-
tions was Saturday, March 19.
Harry Dowland and William
Townsend, present members of the
board, are candidates for re-election.
Others who have filed as candidates
are Robert Spink, Fred Goodey and
Miss Margaret K. Moore.

Dr. Mary Louise Newman, a mem-
ber of the board for the past nine
years, has not filed a petition.
Miss Moore served as a member of
the high school faculty for many
years. She retired from teaching
last year.

Board members to be elected
April 9 will serve terms of three
years. The election will be held
between 11:30 a.m. and 5 p.m., with
the four ward grade schools as poll-
ing places.

Births

Mr. and Mrs. Virgil Frederick, 539
Vandalia road, are parents of a
daughter born Friday at 8:48 p.m. at
Our Saviour's hospital. The weight
was six pounds 64 ounces.

Mr. and Mrs. Paul Evans of rural
road two, Winchester, are parents
of a son born at Passavant hospital
at 9:40 p.m. Friday.

**Aggies Narrowly
Escape Upset In
NCAA Playoffs**

Kansas City, March 19—(AP)—The
powerful Oklahoma A & M Aggies,
who made a spectacular finish to
survive the first round, will meet the
Oregon State Beavers in the finals
of the National College Athletic
Association western playoffs tonight.
Coach Henry (Hank) Iba's Aggies,
twice N.C.A.A. champions, escaped
the upset jinx that has dogged other
basketball powers in the east, in
beating a fine University of Wyo-
ming team, 40-39, last night.

Oregon State, Pacific coast cham-
pion, whipped the Arkansas Razor-
backs, 56-38.
The Oklahoma A & M-Oregon
State game will begin at 9:45 p.m.
(CST) tonight. Wyoming and Ar-
kansas will meet for third place at
8 p.m. (CST).

Shelton Stars For Aggies
Jack Shelton, a junior forward,
was the Aggies hero last night.
Wyoming outplayed the Oklahoma's
most of the game and was ahead
39-38 up to the last four seconds.
Shelton got the ball under the
Wyoming basket and dunked in the
winning fielder. Two field goals by
Shelton immediately before that
erased a 39-34 Wyoming lead and
put the Aggies back in the contest
when it appeared that Wyoming
had the contest cinched.

**Find Griggsville
Woman Killed Self**

Raton, N. M., March 19—(AP)—The
body of Mrs. Mary Buchanan, 46,
will be taken to Griggsville, Ill., for
burial. Mrs. Buchanan was found
shot to death in her home Thursday
and authorities called the death "a
clear case of suicide."

Mrs. Buchanan, described as de-
pendent over poor health, was born
in Griggsville.

"As straight as the crow flies" is
a well known saying, but crows don't
fly that way. Their flight pattern
is usually zigzag.

Look at it, look into it!

SEE IT NOW
 It's the great New Plymouth—engineered from the inside out to give you the greatest Plymouth value in history!

Built to ride in
 This great new car is the product of engineers who cling stubbornly to one idea! That new cars are made—above all else—to ride in. New features must combine to make motoring easier, safer, more pleasant. That's exactly what the great New Plymouth does!

Its beauty belongs
 The new beauty really belongs in the New Plymouth. The sweeping, new low lines mark the outer form of a car that's easy to drive, easy to park, easy to put in the garage. Fenders blend beautifully into the body, but they're separate and detachable for economical repair.

Room you use
 Outside dimensions have been reduced—to make driving easier. But inside—where you ride—those famous chair-height seats are even wider! Long legs stretch out, high hats stay put. Diagonally mounted rear shock absorbers reduce sideways. You ride in quiet comfort.

Far better vision
 Both windshield and rear window are larger in the New Plymouth. Your "eyeline" passes over the curving low hood to a clear, undistorted view of the road. In fact, the entire exterior of this car is designed to give you far better vision in all directions—day and night.

More powerful engine
 Newly designed cylinder head, higher compression ratio, new intake manifold—these new features combine to give the New Plymouth a livelier, more powerful engine. New chrome compression ring reduces wear on the cylinder walls, helps prolong engine life.

MORE FOR YOUR MONEY
 If you haven't seen this great new value car, stop at your Plymouth dealer's now. From bumper to bumper it's a greatly improved Plymouth. And millions of motorists know that when you improve a Plymouth—you've got an automobile!
 NOW THERE'S MORE DIFFERENCE THAN EVER IN LOW-PRICED CARS—AND THE GREAT NEW PLYMOUTH MAKES THE DIFFERENCE!

Cardinals Still Strong, But Look Less Like Red Birds Each Year

Lang Field No Longer Full Of Budding Stars
 By HARRY GRAYSON
 NEA Sports Editor

St. Petersburg, Fla., (NEA)—Stanley Musial and Company are still formidable, but the blokes in the red blazers look less like the Cardinals each spring.
 Al Lang Field here is no longer crowded with budding stars from what long was the most productive of farm systems.

Al Schoendienst Enos Slaughter

body in the St. Louis National's camp was here a year ago.
 Sam Breacon lost interest, quit scouting during the war.
 Branch Rickey kept punching in Brooklyn, and transferred the balance of National League manpower from Sportsman's Park to Ebbets Field in three years.
 While the Red Birds were standing still, the Dodgers came up with Branca, Barney, Jack Banta, Hatten, Campanella, Edwards Tommy Brown Hodges, Jorgensen Miksis, Jackie Robinson, Furillo, Hermanski, Rackley, Shuba, Snider, Whitman and home more: men for every job.
 St. Louis misses Rickey
 St. Louis misses Brother Rickey sorely as what organization wouldn't. A year ago the club president was Bob Hannegan. Now he is Fred M. Saigh, a realtor-lawyer who knows nothing about baseball.
 There is a dearth of major league ballplayers, of course.
 With 10,000,000 young men in the armed forces, the war stopped their development.
 But the long-time rich flow to the St. Louis chain's parent club remains a mere trickle.
 The Red Birds will be in there swinging as long as the pros—Musial, Slaughter, Schoendienst, Marion, Kurowski, Ercheen and

NEA Sports Editor Harry Grayson talks things over with Star Musial, one of the old pros left with Cardinals.

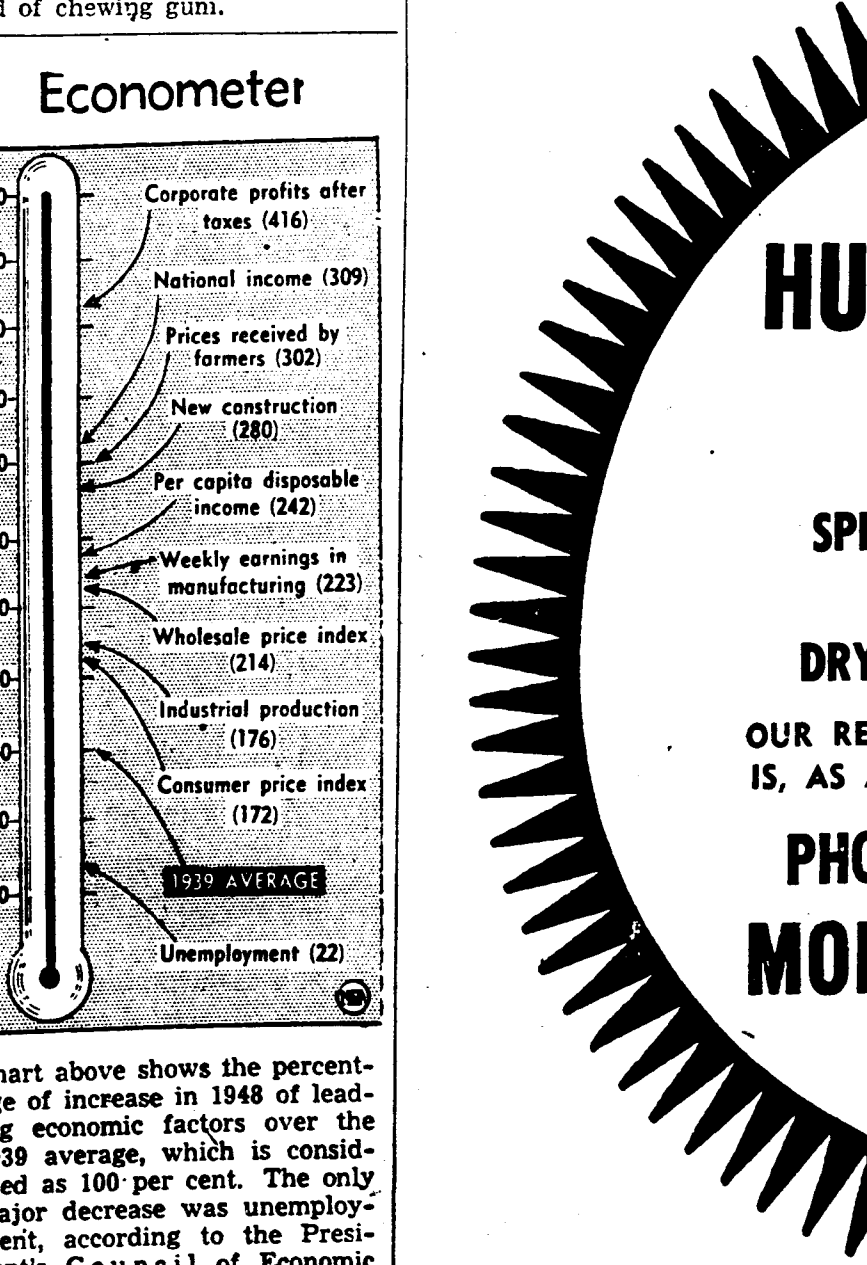

Pollet—hold out, but five of the Big Seven are now on the other side of the hill.
Gone Back A Long Way
 St. Louis' National league entry has gone back a long way.
 From Rogers Hornsby to Stan the Man Musial, the organization each spring came up with more capable young players than could be fitted into the main company.
 Shortstops like Tommy Thevenow and Charley Gelbert. First basemen on the order of Bottomley, Ripper Collins and Mize. Outfielders after the fashion of Douthitt, Chick Hefey, Pepper Martin, Terry Moore and Melnick. Catchers like poor Bill DeLancey and Walker Cooper.
 Remember when the Cardinals had so many remarkable pitchers that they peddled Bill Lee to the Cubs for \$50,000. Those were the

To Break Ground For Trail Ranger Cottage

Jerseyville.—The ground breaking ceremony for the new Trail Rangers cottage will be held at 3 p.m. March 23 at the Trail Rangers' lodge near Grafton. Mrs. Stuart Brownback of Ashland, state chairman of the Trail Rangers, who will be in charge of the ceremony, was here Friday completing arrangements for the event.
 The Illinois Federation of Women's clubs has provided the funds for the cottage to be built on the Glen Cliffe farms this spring and a number of prominent members of the organization will be here for the ground breaking ceremony Wednesday.
 Mrs. Theodore S. Chapman of Jerseyville, past president of the Illinois Federation of Women's Club, under whose administration the project for the erection of the cottage was begun, will be in attendance. Mrs. Chapman is second vice-president of the Trail Rangers and is now education chairman for the general federation.
 Mrs. E. E. Byerrum of Chicago, state president of the Illinois federation, will participate, as will Attorney Martha Connole of East St. Louis, president of the Trail Ranger board, Mrs. Stuart Brownback of Ashland, Trail Ranger chairman for the state federation, and others.
 Col. Frank N. Henderson is administrator of the Trail Ranger project and he and Mrs. Henderson are now residing at Glen Cliffe. Colonel Henderson was formerly commandant of Western Military academy and was with the Star Commonwealth school in Michigan. Following the ceremonial, Colonel and Mrs. Henderson will entertain at a tea at Glen Cliffe. Mrs. Francis Munsterman, president of Jerseyville Woman's club, will assist with the tea.

When colonial Virginia started to raise tobacco, the leaf was placed in hogheads which were rolled to wharfside warehouse along old Indian trails converted into "rolling roads."

Rotary Officers Elected; Haneline Named President

Officers for the Rotary club were elected Friday afternoon in a special meeting of the board of directors, held following the regular luncheon meeting.
 The new officers are C. Haneline, president; Dr. Robert Hartman, vice president; D. L. Hardin, secretary; and Leland Perbix, treasurer.
 Mr. Haneline succeeds H. L. Caldwell as president.
 The new officers will assume their duties on July 1.

Senators Outlast Phillies 5 To 3

Clearwater, Fla., March 19—(P)—A trio of veteran pitchers outwitted the Philadelphia Phillies today and the Washington Senators went on to score a 5-3 grapefruit league victory.
 Mito Candini, Mickey Haeffner and Sid Hudson limited the Phils to six hits and were robbed of a shutout by home runs by Eddie Waitkus and Eddie Miller. Miller's came with one man on base.

4-H LEADER

Jane Bates Bamman, an outstanding member of the Morgan county 4-H club for many years, has organized a 4-H club for girls in the Woodside community, Sangamon county. Her group of 23 members have chosen the name "4-H Workers" and plan to learn sewing and cooking.

Mrs. Bamman is the daughter of Mr. and Mrs. Reuben Bates of Franklin, rural route 1.

Virginia Women's Club Elects New Officers For Year

Virginia — The Virginia Woman's club held its March meeting at the Presbyterian church with Willard Tobin, of Springfield, as principal speaker. His subject was "Silver and Its Relation to Period Furniture." Also on the program were several musical numbers by Mrs. Franklin Watkins. She was accompanied by Mrs. Watson Sinclair.

The annual election of officers was held. Mrs. William Crawford being chosen president.

Expect Farmers To Plant Record Acreage In 1949

Washington, March 19 — (P) — Farmers may top total crop production records this year.

This possibility was seen by Agriculture department officials today as they gathered information on how much land farmers intend to plant to various food, livestock feed and other crops.

This information will be made public Monday in the department's first big crop report of the year. It is generally expected to show larger acreages of some crops than the department has recommended, and perhaps a record total acreage.

Despite a 14 per cent drop in the general level of farm prices in the past 12 months, most factors appear to encourage big plantings.

First, this may be the last year for some time when plantings of such crops as cotton, wheat and corn are not restricted by government controls. The prospect of heavy surpluses of these crops is beginning to appear.

Second, this may be the last year during which producer prices of

Boy Scout Troop Face First Aid Test Wednesday

Sixteen Boy Scout first aid teams are expected to enter the Honest Abe district meet to be held at 7:30 p.m. Wednesday at the David Prince gym, according to an announcement made Saturday by Howard Reynolds, chairman of the event and district chairman of the health and safety committee.

The entering teams have made an A rating in their troop contests and in neighborhood meets. The teams that make a score of 90 or better will be invited to attend the council first aid meet to be held in Springfield, April 3.

First Aid has always been a big part of the Boy Scout training program and it is set up to give the largest number of Scouts in the troops first aid training. Large numbers of Scouts have had training in first aid but failed to meet the requirements to take them to the District meeting.

Parents, friends of Scouting and the public are invited to attend.

Legion Auxiliary Votes To Support Passavant Fund

The American Legion Auxiliary, Unit 279, voted to contribute \$100 to the Passavant Memorial Area hospital fund and \$10 to the Red Cross at a meeting Wednesday evening.

The idea of sponsoring a "gay Nineties" club for men and women of this community who are sixty-five years of age or older was discussed at a member's suggestion. It was pointed out that often a father or mother comes to live with child. The youth of the community seem to drench in a strange community and find it difficult to make friends, be well provided for at the present time in regard to recreational opportunities but it is the opinion of some that opportunities for social contacts for those in the "golden age" have been greatly neglected.

Mrs. Marie Hopper was appointed chairman of a committee in charge of surveying possibilities for such a club. Named to support her were Mrs. Florence Vasconcellos, Mrs. More information on the project will be given as soon as the committee can formulate concrete plans for its organization.

Plans are underway for a spring rummage sale.

A social hour was enjoyed following the business meeting. Prizes in games were awarded to Mrs. Lloyd Slagle and Mrs. Paul Laughan.

Tribby Skinner and Lottie Hutches assisted Mrs. Ina Colton in charge of the social hour.
